LED Specification

LED Tube T8 LED

Model No.	TSPL-T83HW-X
LED Source	SMD 2835 x144 Ea.
Lamp Total Power	18W
Equivalent	36 Watt Fluorescent
Luminous Flux	1700/2050lm
Length	1.2M
Input Voltage	100-240VAC

LED Street Light Products

Model No.	TSPL-24
LED Source	Philips / CREE
Lamp Total Power	28W
Equivalent	70W HPSL
Luminous Flux	2,520 lm
Lumin. 4M Height	13m*5m ≥28LUX
Input Voltage	100-240VAC

TSPL-96

Model No.	TSPL-96
Equivalent	250W High Pressure Sodium Lamp
LED Light Source	96 × 1W Philips Lumileds/CREE LED
Lamp Rated Total Power	115W
Power Efficiency	90%
Lamp Rated Luminous Flux	10,925lm

TSPL-144

Model No.	TSPL-144
Equivalent	400W High Pressure Sodium Lamp
LED Light Source	144 × 1W Philips Lumileds/CREE LED
Lamp Rated Total Power	165W
Power Efficiency	90%
Lamp Rated Luminous Flux	15,675lm

TSPL-48

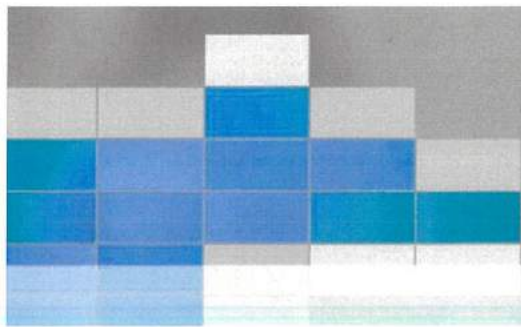

Model No.	TSPL-48
Equivalent	150W High Pressure Sodium Lamp
LED Light Source	48 × 1W Philips Lumileds/CREE LED
Lamp Rated Total Power	55W
Power Efficiency	88%
Lamp Rated Luminous Flux	5,225lm

Ezytell

Why Ezytell?

- All-in-one communication tool
- Quick, simple, and user friendly
- Cost effective with cloud-based communication
- Real-time messaging and data-sharing
- Highly secure network for organization
- Accessible anywhere with state-of the mobile application

Introducing Ezytell, a smarter and easier communication tool for your organization. With its advanced cloud-based mobile application, you can stay connected on the go, wherever and whenever you want. Ezytell elevates the meaning of team work and collaboration by creating a highly-secured online community that will surely increase your organization's productivity.

Some of Ezytell features are:

- Quick and easy communication, throughout every organizational department
- Highly-secured channel, made specifically for organizational and business use
- Real-time communication and data-sharing
- Instant notifications
- Easy administrative tools
- Employee database management system
- Voice over IP calling (VoIP)
- State-of-the-art voice and video conferencing
- Private communication channel through instant messaging (IM)

The operating system that enables the Ezytell software to be fully performed at its best efficiency must be the program under legitimate copyrights. ©
